

Accessories Warranty Notice

Conditions:

1. Products sold under the Daikin Accessories range are supported with a 12 month PARTS ONLY warranty in domestic and commercial installations from the date of purchase, unless otherwise stated in the tables below.
2. Defective products must be returned to a Daikin Trade Centre at your own cost before a PARTS ONLY replacement can be issued.
3. The warranty will also not cover damage caused by misapplication, misuse, neglect, shipping accident, incorrect or improper installation, voltage supply problems, unauthorised modification or repairs of any kind, exposure to corrosive conditions, exposure to weather and where no fault is found with the product itself.
4. The liability of Daikin Australia for any defect of design, materials or workmanship will be limited to replacing the product or supplying equivalent product only.
